

## Oxygen & Acetylene Regulators

Single stage with easy to read 60 mm gauges. For general welding and cutting, these regulators feature greater flow and accuracy, more economy, simple repairs and greater safety. Oxygen regulators have two types of male and female inlet threads.

Oxygen Regulator with Male Thread

Oxygen Regulator with Female Thread

CODE	For	Gauges(kgf/cm <sup>2</sup> )		Delivery Pressure kgf/cm <sup>2</sup>	Flow Capacity Nm <sup>3</sup> /h	Inlet Thread mm
		HP	LP			
850191	Oxygen	250	25	10	72	22.8*14 Male
850192	Oxygen	250	25	10	72	22*14Female
850193	Acetylene	25	1.9	0.7	9	Clamp

## Gas-Cutting Torches Spare Nozzles

CODE	Model No.	Cutting Thickness Capacity mm	Nos.of Nozzle
